

Maintaining our building is an important task. People with keys to the building need to ensure that the building is ready for use when they enter and properly shut down when they leave. A building checklist has been prepared and is available from Bob Plewes or John Ferguson and each person with a key should make sure they have a copy and follow the checklist.

Everyone can help out by reporting any problems they observe. Please record the problem in the Building Condition Book in Bob and Sylvia's mail slot or phone them with the information.

Thank you for your cooperation.
